AUTUMN / WINTER 2026

Thomas Goodwin

AUTUMN/WINTER 2026

The Autumn/Winter 26/27 collection from "Thomas Goodwin" is designed for the modern man who values both style and functionality. This collection combines timeless sophistication with modern accents and practical details, appealing to the discerning tastes of today's gentleman.

Each piece is crafted from durable materials that ensure longevity and resilience. The collection offers urban, versatile looks perfect for navigating the dynamic pace of city life, providing both comfort and style. Earthy tones and natural materials create a seamless connection to nature, reflecting a grounded yet refined aesthetic.

Innovative cuts and designs breathe new life into traditional fashion, incorporating technological elements for enhanced functionality. This approach meets the practical needs of the modern man and aligns with his desire for innovation and forward-thinking fashion.

"Thomas Goodwin" offers a harmonious balance of tradition and innovation, tailored to meet the sophisticated demands of contemporary customers. This collection is more than just clothing; it's a statement of elegance and modernity, designed for those who appreciate the finer things in life.

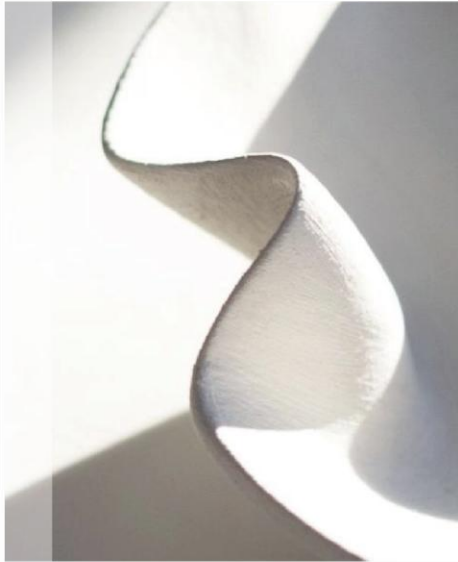

SLOW

**SLOWING DOWN | TIMELESS QUALITY | LOW COLOURS |
NATURAL SIMPLICITY | RICH MINIMALISM**

In a world that is bombarded with hectic pace and negative influences, there is a growing longing for a more conscious, slower-paced lifestyle. A return to tradition and craftsmanship helps us to reconnect with our cultural roots and focus on the essentials. Accordingly, the focus is on timeless aesthetics, genuine quality and simplicity. Natural materials, rich textures and muted colours combine with relaxed silhouettes and warm layering.

Natural qualities range from subtle luxury to pared-back. The vast range of textures is soft cashmere, compact flannels, voluminous knits and buttery suede or nappa leathers. Blurred checks inspired by traditional British fabrics and designs break up the minimalist appeal. Voluminous knits with thick yarn counts in alpaca blends or soft winter cottons are also present.

URBAN GUISE

PULSATING CITIES | INNER STRENGTH | WORK AND LIFE |
MODERN TAILORING | SUBVERSIVE CLASSIC

It is about an urban lifestyle where we must balance life and work with energy and inner strength. The city is a creative melting pot of tradition and contemporary spirit - reflected in the mix of artisanal precision, tailoring and subversive elements that reinterpret traditional aspects - classic and modern dialogue with an ever-changing world.

The contrast between tailoring and sportiness is characteristic. Wool is featured in both boiled and classic suiting qualities. Technical blends of wool and cotton enhance functionality and comfort. Recycled nylons, bonded yarns and double-sided fabrics are also used. Denim in deep shades or authentic washes is a key aspect. Designs such as block and pinstripes, small geometric patterns and tonal checks represent traditional influences.

GROUNDED

NEED FOR SHELTER | ARCHAIC MATERIALS | NATURAL FORCES | NORDIC SAGAS | FURS AND SKINS

The focus is on the deep connection between man and natural forces. The strength of nature and the need for protection reflect contemporary developments. Furs and skins take centre stage. They are not luxurious but archaic, evoking mysticism and protection from the elements. A casual theme where the mix of Nordic inspiration and functionality allows for exciting styling and storytelling.

The combinations of natural and technical aspects are distinctive. Leather, skins, fur-like textures and woollen fabrics meet recycled synthetics and technical performance qualities. Offering the right balance and counterbalance to artisanal finishes and natural dyes. Additionally, knitwear focuses on modern interpretations of patterns and tactile tweed looks.

RECODE

RECALLED ELEGANCE | URBAN OPULENCE | DECORATION |
MODERN DANDIES | BESPOKE TAILORING

Elegance and individuality define a new lifestyle that is becoming increasingly important. The reinterpretation of the classic dandy, in which sophisticated tailoring, a sense of quality, and carefully selected accessories are all part of the personal presentation. Traditional techniques and zeitgeist combine to create an urban opulence that celebrates decoration and seeks beauty in the everyday.

Masculine elegance with a touch of opulence and embellishment are combined. Accordingly, a subtle sheen in smooth leather, printed silk, velvet or corduroy is in play. Juxtaposed are immaculate suit qualities that exude tailoring and craftsmanship. Knitwear is sleek, flowing and available in fine to medium gauges. Decorative details and geometric jacquards add accents.

TECHNICITY

FUNCTIONAL ELEGANCE | UPPER SPORTSWEAR |
TECH TAILORING | PROGRESSIVE CASUAL |
BRIGHT MINIMALISM

This story is about the fusion of functionality and masculine elegance. The focus is on graphic clarity and contrasting colours. Aesthetic aspirations and the demands of a modern, urban lifestyle combine to create a progressive look. New standards are taking sportswear aspects to a new level and a more formal direction.

The energy of sportswear and activewear meets clean surfaces and pared-back classics. The focus is on recycled water-repellent nylons, bonded materials and protective coating. Facing superfine techno wools and smooth cotton with stretch. Partially applied sheen, padding and milky semi-transparencies add accents. Knitwear features technical blends, innovative yarns, seamless finishes, pleats and ribbed structures.
